LB 330, 832, 832A

engrossing.

PRESIDENT MOUL: You've heard the motion to advance LB 832. All those in favor please say aye. Opposed nay. LB 832 is advanced.

CLERK: Madam President, LP 832A, no E & R, Senator. Senator Moore would move to amend the bill, however.

PRESIDENT MOUL: Senator Moore.

SENATOR MOORE: Madam President and members, this is an amendment to the A bill to reflect the action we just took by going... The A bill originally was introduced at four I guess and so this changes the figure from one million five eight eight to one million one nine one which is the difference between four and three the first year, and the second year it changes it from one million five nine nine to one million one nine nine. And so this reflects the \$400,000 increase. As I stated since the court automation project and the funding level of that has nothing to do with actually the bill itself, I will be pursuing an amendment on 330 or some other function or some other function to try and find this \$400,000. But at this level at least the one point two would pass and go to the court. So with that I'd ask for the adoption of the amendment.

PRESIDENT MOUL: Thank you, Senator Moore. Does anyone wish to address the amendment? Seeing none, we'll now vote on the Moore amendment to LB 832A. All those in favor please vote aye, opposed nay. Have you all voted? Have you all voted? Please record, Mr. Clerk.

CLERK: 26 ayes, 0 nays, Madam President, on adoption of Senator Moore's amendment.

PRESIDENT MOUL: The amendment is adopted.

CLERK: I have nothing further on the bill, Madam President.

SENATOR HOHENSTEIN: I would move that LB 832A be advanced to E & R for engrossing.

PRESIDENT MOUL: You've heard the motion to advance LB 832A. All those in favor please say aye. Opposed nay. LB 832A is advanced. Speaker Baack.
